Advanced functionality for SIP

- HTTPS secure provisioning**
- Enhanced call handling**
- Instant messaging

Choice of powering options –

Support for AC power (included) and Power over Ethernet options (sold separately)

The Polycom SoundPoint IP 301 is
a two-line desktop IP telephone
that delivers remarkable value.

Built to Polycom's high standards of quality and usability, the SoundPoint IP 301 offers businesses a cost-effective choice for their IP communication needs.

Enhanced productivity

Being tightly integrated with our IP Telephony Technology Partners' solutions, the Polycom SoundPoint IP 301 supports core enterprise functionality. The Polycom SoundPoint IP 301 provides an easy transition from traditional PBX features and functionality into the world of Voice over IP. The SoundPoint IP 301 has an intuitive user interface offering one button access to telephony features through dedicated hard keys and context sensitive soft keys, a two-port 10/100 Ethernet switch, and an information-rich LCD display that delivers content for messaging, call information, directory access, and applications. The SoundPoint IP 301 offers excellent voice quality both when used with a handset and in a headset mode, thus enhancing the productivity of your business phone calls, because you spend less time trying to understand what other people are saying, and more time communicating with them.

A business IP handset for Polycom unified collaborative communications solutions

With integrated video, voice, data, and Web capabilities, Polycom offers the only solution that gives you an easy way to connect, conference, and collaborate any way you want. It's our commitment to making distance communications as natural and interactive as being there. Work faster, smarter, and better with the SoundPoint IP 301 and Polycom's integrated communication solutions.

* - The SoundPoint IP 301 is currently offered in North America, Australia, and New Zealand only

** - Requires SIP version 1.5.x or higher

Polycom SoundPoint IP 301* Specifications

Size

- 8.25 in x 6 in x 7.5 in x 1.25 in
(21 cm x 15 cm x 19 cm x 3 cm) (W x H x D x T)

Weight

- Shipping: 2.0 lb (0.90 kg)

Power

- External wall adapter with power provided directly to the phone
- Optional inline power cables for IEEE802.3af or Cisco® Inline Powering
