

# Polycom® SoundStation Premier® 500D/550D

*Crisp, clear conferencing. Meridian compatibility*

## Highlights

**Acoustic Clarity Technology** – Allows simultaneous natural conversation – the industry's best full duplex for the Nortel Meridian PBX environment

**Expandability** – The addition of two optional external microphones provides greater room coverage

**Nortel PBX conferencing feature** – Direct access to your Nortel Meridian PBX conferencing feature allows quick and easy connections of up to six\* locations in a single conference call without using a conference bridging service.

**Easy to set-up** – Connects directly to Meridian digital PBX telephone systems in minutes—no need for adapters or additional analog lines.

\*Dependent upon Nortel Meridian PBX configuration

**For Nortel® Meridian® users, communicating with crystal clarity couldn't be easier.** Just connect a SoundStation Premier 500D/550D directly into a Meridian PBX digital wall jack. You don't need an analog port, analog adapter, or complicated connections to take advantage of natural two-way conversations with Polycom's breakthrough, Acoustic Clarity Technology.

With sensitive, high-performance speakers, the SoundStation Premier® 500D/550D delivers crisp, clear sound that's twice as loud as Polycom's original SoundStation. It's also twice as quiet. The Premier's automatic microphone switching technology means that only the microphone nearest the person talking is on, limiting extraneous noise from around the room. And when you conference multiple endpoint participants from your SoundStation Premier, you can save on conference bridging costs, too. In many cases, the phone pays for itself in less than two months.

For unsurpassed clarity and performance, there's one clear choice: SoundStation Premier 500D/550D.

## The direct connect choice for The Polycom Office™

With integrated video, voice, data, and Web capabilities, The Polycom Office is the only solution that offers you an easy way to connect, conference, and collaborate any way you want. The Polycom Office is our commitment to making distance communications as natural and interactive as being there. Work faster, smarter, and better with the SoundStation Premier 500D/550D and The Polycom Office.

# Polycom SoundStation Premier® 500D/550D Specifications

---

## Technical specifications

### Keypad

- Alphanumeric

### Audio bandwidth

- 300 - 3300 Hz

### Loudspeaker volume

- Adjustable to 89 dB at 1/2 meter peak volume

### Network interface

- Nortel Meridian Digital PBX

### Power requirements

- 90-110 VAC, 60 Hz

### NORTEL PBX supported

- NORTEL Meridian
- Meridian1 (option 11 to 81)
- SL-1, or SL-100

## Console

### Power

- 20 VDC, 800 mA

### Size

- 13.8 in x 13 in x 2.5 in  
(35 cm x 33 cm x 6.4 cm)

### Weight

- 2.0 lbs (0.9 kg)

## Interface module

### Power

- 20 VDC, 150 mA

### Size

- 3.125 in x 7.75 in x 1.875 in  
(7.9 cm x 19.7 cm x 4.8 cm)

### Weight

- 0.75 lbs (0.34 kg)

### Cable lengths

- Console cable: 25 ft (7.6 m) to console
- Phone cable: 6 ft (1.8 m) to wall jack

### RCA jack

- Line level to tape recorder or remote lapel microphone

## Environmental requirements

### Temperature

- 5° to 40° C operating

### Humidity

- 20% to 85%, noncondensing

### Registration

- UL, FCC, Industry Canada

## Recommended room conditions

### Reverberation time

- < 0.4 seconds

### Noise level

- < 48 dBA

### Warranty

- 1 Year

Note: Manufactured with ISO 9002 certified assembly line.
